PROCUREMENT MANAGEMENT

WHY US

1.

CLIENT CENTRIC

We take care of all the complexities on behalf of client to make the process simple and help to take decisions effortlessly

2.

ATTENTION TO DETAIL

We make sure all the works are done as per project requirements and to the satisfaction of the client

3.

TECHNICAL COMPETANCE

We do the technical assessment of requirements and provide maintenance-friendly cost-effective solutions

4.

TIMELY COMPLETION

We ensure timely delivery by proper planning and scheduling of activities in advance

5.

QUALITY ASSURANCE

We ensure proper workmanship and quality of materials as per the standards

6.

BUDGET CONTROL

We estimate the cost considering all factors, intimate client with fund flow requirement and timely monitor to keep the cost within the limit

7.

CO-ORDINATION

We do all the coordination by conducting regular visits, meetings and bridge gaps between design and construction
